PRACTICE TABLE OF SPECIFICATIONS

General Information has 30 items (20%). Each remaining area has 40 items (26⅔%). These counts and weights are practice allocations; they are not NAPOLCOM-prescribed weights.

DIRECTIONS

1. Choose the best answer from A–D for each question. Use the answer sheet to record your choices.
2. Read each passage or table before answering its related questions. Shared material appears once per page, and is repeated only where its questions continue onto a new page.
3. For reasoning exercises, work only from the facts and rules stated in the question.
4. Check your work using the answer key, then read the explanations.

Reading passages, data tables, and non-legal scenarios are fictional practice material. Current-events questions specify their reference period.

- A. It is provisional.
- B. It is compulsory.
- C. It is cancelled.
- D. It is permanent.

Passage 1: The library trial

A community library tested an earlier opening time for four Saturdays. It opened at 7 a.m. instead of 9 a.m., while its closing time stayed the same. Volunteers counted 64 visits before 9 a.m. across the trial. These were visits, not necessarily 64 different people. Several visitors said the schedule let them borrow books before work. The librarian recommended extending the trial for another month and recording staffing costs. She did not recommend a permanent change yet because the trial covered only Saturdays and did not measure the extra cost of opening early.

41. According to Passage 1, what change did the library test?

- A. Opening two hours earlier on Saturdays
- B. Removing the regular closing time
- C. Opening on Sundays for the first time
- D. Closing two hours later on weekdays

42. Which statement accurately reports the count in Passage 1?

- A. There were 64 different visitors on each Saturday.
- B. There were 64 new borrowers during each trial day.
- C. There were 64 visits before 9 a.m. over four Saturdays.
- D. There were 64 visits before 7 a.m. over four Saturdays.

43. Why is a permanent schedule change not yet supported by the librarian's evidence?

- A. The trial did not cover weekdays or measure extra staffing costs.
- B. The trial proved that Saturday visits would continue increasing.
- C. The trial showed that nobody visited before nine.
- D. The trial established that early opening was too expensive.

44. Which inference is best supported by Passage 1?

- A. The same people accounted for all sixty-four early visits.
- B. Earlier opening was useful to at least some visitors with work schedules.
- C. Every visitor preferred the library to open early every day.
- D. The earlier schedule reduced the library's operating expenses.

45. Which next action is consistent with the librarian's recommendation?

- A. Stop counting visits and rely only on comments.
- B. Extend the claim to weekdays without observing them.
- C. Continue the trial and record the additional staffing cost.
- D. Adopt the schedule permanently without more records.

46. Which title best captures the point of Passage 1?

- A. An early-opening trial shows promise but needs further evaluation
- B. A library abandons its usual closing time after complaints
- C. A permanent schedule eliminates the cost of library staffing
- D. A weekday survey proves that every borrower prefers mornings

Passage 2: The collection trial

Two streets joined a six-week waste-collection trial. Street A received a printed calendar showing collection days, while Street B continued receiving verbal reminders. Missed pickups declined on Street A but stayed about the same on Street B. During the same period, Street A also received a new collection truck. The coordinator said the calendar might have helped, but the truck could also explain the improvement. For the next trial, both streets will use trucks of similar capacity, and the team will record delays and the number of households served.

47. According to Passage 2, which street received a printed collection calendar?

- A. Both streets
- B. Street B
- C. Street A
- D. Neither street

48. Which account matches the observed results in Passage 2?

- A. Missed pickups fell equally on both streets during the trial.
- B. Missed pickups rose on Street A and disappeared on Street B.
- C. Missed pickups fell on Street A and stayed about the same on Street B.
- D. Neither street recorded any change in missed pickups.

49. What makes it difficult to attribute Street A's improvement to the calendar alone?

- A. Street B received the same printed calendar at the same time.
- B. Street A also received a new collection truck during the trial.
- C. The trial included no record of missed pickups on either street.
- D. The coordinator had already proved the truck had no effect.

50. What is the purpose of using trucks of similar capacity in the next trial?

- A. To reduce an alternative explanation for differences between the streets
- B. To ensure that both streets will have exactly the same results
- C. To remove the need to count the number of households served
- D. To establish that reminders cannot influence missed pickups

51. Which statement preserves the coordinator's degree of certainty?

- A. The calendar may have contributed to the improvement.
- B. The calendar definitely caused the entire improvement.
- C. The truck certainly had no role in the improvement.
- D. The trial proved that verbal reminders are ineffective.

52. Which additional comparison would most help interpret missed-pickup counts fairly?

- A. The order in which the streets appear in the report
- B. The calendar color preferred by the coordinator
- C. The number of letters in each street's name
- D. Missed pickups relative to the number of households served

Passage 3: The water-service notice

The following notice concerns a fictional water-service maintenance activity. Water service on Mabini Street will pause from 1 p.m. to 4 p.m. on Tuesday while a valve is replaced. Nearby Luna Street will keep its regular supply. The maintenance team asks Mabini residents to store enough water before 1 p.m. If the work finishes early, service may resume before 4 p.m. If repairs take longer, the team will post an updated estimate at the barangay hall. The notice gives an expected schedule, not a guarantee that every repair will finish at exactly 4 p.m.

53. Under the notice in Passage 3, which street is expected to lose water service during the work?

- A. Luna Street
- B. Mabini Street
- C. Both named streets
- D. Every street in the barangay

54. Which action follows the notice's advice for a Mabini Street household?

- A. Assume Luna Street will also lose its supply.
- B. Store enough water before 1 p.m. on Tuesday.
- C. Wait until 2 p.m. on Tuesday before storing water.
- D. Expect the repair team to cancel the replacement.

55. Which conclusion cannot be guaranteed by Passage 3?

- A. Mabini Street is included in the planned interruption.
- B. The work involves replacing a valve.
- C. Water service will resume at exactly 4 p.m.
- D. A longer repair will prompt an updated estimate.

56. If repairs take longer than expected, where should residents look for the updated estimate?

- A. At the library counter
- B. At the barangay hall
- C. At the public market entrance
- D. At the school gate

57. What does the phrase may resume before 4 p.m. indicate?

- A. An earlier restoration is prohibited by the notice.
- B. An earlier restoration has already been completed.
- C. An earlier restoration will occur at a fixed minute.
- D. An earlier restoration is possible but not promised.

58. Which summary most accurately conveys Passage 3?

- A. Mabini faces a planned interruption with timing subject to the progress of repairs.
- B. Every household must collect water from the barangay hall during the work.
- C. Mabini service is certain to stop for exactly three hours regardless of repair progress.
- D. Luna and Mabini face a permanent shutdown after Tuesday afternoon.

59. Choose the verb that correctly completes the sentence: Each of the sealed envelopes ____ a reference number.

- A. are having
- B. were having
- C. have

Answers & explanations

Read the reason behind each answer.

GENERAL INFORMATION

1. C — The people

Sa Article II, Section 1, ang kapangyarihan ng pamahalaan ay nagmumula sa taong-bayan. May kani-kaniyang tungkulin ang institutions, pero hindi sila ang pinagmumulan ng sovereignty.

2. D — Her unpaid loan alone cannot justify imprisonment.

Hindi sapat ang simpleng hindi pagbabayad ng utang para ipakulong ang isang tao. Iba ang usapan kung may hiwalay na criminal offense, pero walang ganoong allegation sa tanong.

3. D — It is inadmissible for any purpose in any proceeding.

Kapag napatunayang labag sa constitutional search protection ang pagkuha, inadmissible ang evidence ayon sa Section 3(2). Hindi ito naayos ng pagiging kapani-paniwala ng laman o ng paghingi ng tawad.

4. A — Citizenship through a Filipino parent

Sapat ang pagkakaroon ng Filipino father o mother sa constitutional rule. Hindi kailangan ng schooling, property, o voting registration para maging citizen sa sitwasyong ito.

5. D — The presence of counsel during the written waiver

Kailangang nakasulat at ginawa sa presence of counsel ang waiver. Hindi kapalit ng abogado ang kamag-anak, complainant, o investigator.

6. A — 18 years

Eighteen ang minimum age sa Article V. May iba pang qualifications tulad ng residence at kawalan ng legal disqualification; edad lang ang tinatanong dito.

7. A — No religious test may be imposed for civil or political rights.

Bawal ang religious test para sa civil o political rights. Hindi dapat gawing kondisyon ang pag-anib sa isang relihiyon.

8. A — Particular description of the things to be seized

Kailangang partikular ang paglalarawan sa mga bagay na kukunin. Ang malawak na pahintulot na kunin ang kahit anong mapiling useful ay hindi tumutugon sa requirement na iyon.

9. C — The Constitution and pertinent laws

May legal limits ang police powers. Sinasabi ng Section 24(d) na dapat umayon ang arrest, search, at seizure sa Constitution at pertinent laws. Hindi kayang palitan ito ng internal orders, ng utos ng isang opisyal, o ng urgency ng kaso.

10. A — National in scope and civilian in character

National ang saklaw at civilian ang character ng police force sa Constitution. Hindi nagiging military organization ang PNP dahil lamang may uniform at ranks.

11. B — Philippine Constabulary and Integrated National Police

Ang PC at INP ang pangunahing predecessor organizations na tinukoy sa Section 23. May iba pang personnel na sakop ng detalye ng batas, pero ito ang pares na hinahanap.

12. B — R.A. 6975

R.A. 6975 ang 1990 law na nagtatag sa PNP sa reorganized DILG. Ang ibang choices ay may magkakaibang layunin at petsa.

13. C — R.A. 8551

R.A. 8551 ang 1998 amendment para sa PNP reform at reorganization. Ang R.A. 10071 ay tungkol sa prosecution service at R.A. 10575 sa BuCor.

14. A — The classification of police ranks

Binago ng R.A. 11200 ang rank classification sa Section 28 ng R.A. 6975. Hindi nito binago ang voting age o prosecution-service structure.

15. B — The Secretary of Justice

Nasa ilalim ng supervision ng Secretary of Justice ang National Prosecution Service. Tingnan ang Section 3 ng R.A. 10071.

16. C — The court

Ang court ang nag-aadjudicate at nagbibigay ng judgment. Ang police ay nag-iimbestiga, ang prosecution ay naghahain at nagtataguyod ng kaso, at ang detention facility ay may custodial role.

17. C — Bureau of Jail Management and Penology

BJMP ang tinutukoy para sa city at municipal jails. Hiwalay ang provincial jails, na nasa provincial government sa provision na ito.

18. D — Reformation

Reformation ang rehabilitation side ng BuCor mandate. Kasama rito ang education, training, work, at livelihood programs para sa muling pagbalik sa community.

19. C — Arraignment

Arraignment ito dahil binabasa ang charge at hinihingi ang plea sa open court. Iba ito sa preliminary investigation at sa police questioning.

20. A — The accused is presumed innocent until the contrary is proved.

Ang filing ng charge ay hindi conviction. Nananatili ang presumption of innocence hanggang mapatunayan ang kabaligtaran sa legal process. Totoo rin ang tatlong ibang karapatan, pero wala sa kanila ang direktang sumasagot sa maling hinuha na guilty na agad ang naka-charge.

21. D — Philippines

Pilipinas ang chair para sa 2026 ayon sa ASEAN. Nagsimula ang chairmanship noong 1 January 2026. Nakatali ang tanong sa taong 2026 para malinaw ang reference period.

22. D — Timor-Leste

Timor-Leste ang naging eleventh ASEAN member. Pormal itong tinanggap noong 26 October 2025 sa 47th ASEAN Summit sa Kuala Lumpur.

23. C — Belém

Belém ang venue na nakalista sa UNFCCC COP30 page para sa November 2025. Ang ibang cities ay kaugnay ng ibang conference years.

24. A — A project to reduce marine pollution and protect coastal habitats

SDG 14 ang pangunahing focus ng conference: pangangalaga at sustainable use ng ocean at marine resources. Environmental din ang tatlong iba, pero nasa lupa, hangin, at freshwater ang tuon nila, kaya ibang goals ang tinatapatan nila.

25. C — Apply the same service standards to both applicants.

Political neutrality means walang unfair treatment batay sa party preference. Sundin ang parehong service standards at valid queue rules. Pareho ring mali ang pagpabor at ang sadyang pagpapabagal para lang magmukhang patas.

26. B — Reserve the printer and supplies for authorized public work.

Government resources should serve public interest at gamitin nang maayos at matipid. Hindi nagiging authorized ang private use dahil lang gabi na, may log entry, o pinalitan ang supplies pagkatapos.

27. A — Simple living

Simple living ang norm na ito. Ang focus ay angkop na pamumuhay at pag-iwas sa extravagant display of wealth.

28. A — Explain the requirements clearly and identify the next step.

Mas responsive ang malinaw at magalang na paliwanag kasama ang susunod na hakbang. Hindi sapat ang pag-abot ng papel o ang pagpasa ng paliwanag sa ibang tao.

29. B — Giving an undue advantage through confidential information can violate the law.

Hindi kailangan ng bayad bago maging problema ang misuse ng confidential information. Sakop ng Section 7(c) ang pagbibigay ng undue advantage sa ibang tao.

30. C — Loyalty to country takes priority over loyalty to a person or party.

Sa commitment to democracy, dapat itaguyod ang Constitution at unahin ang bansa kaysa tao o partido. Hindi sapat ang political loyalty para sundin ang unconstitutional instruction.

COMMUNICATION SKILLS

31. C — Brief and clear

Concise means maikli pero malinaw at sapat ang mahalagang impormasyon. Hindi ito nangangahulugang kulang o malabo.

32. B — Usable

Viable dito means practical o kayang gamitin. Dahil impassable ang iba, ang natitirang usable route ang tinutukoy.

33. C — A difference

Discrepancy ang hindi pagtutugma ng dalawang record o bilang. Dito, magkaiba ang recorded at actual count.

34. A — Hesitant to act

Reluctant means nag-aalangan o hindi agad gustong gawin ang isang bagay. Hindi nito sinasabing wala siyang kakayahang magsalita.

35. D — Unbiased

Impartial means walang kinikilingan. Pare-parehong criteria ang ginagamit kahit sino pa ang gumawa ng entry.

36. B — Abundant

Scarce means kapos o mahirap makuha. Ang kabaligtaran ay abundant, ibig sabihin marami o sagana.

37. D — Lasting for a limited period

Temporary means pansamantala. Duration ang tinutukoy, hindi location o registration requirement.

38. D — Postponed the decision

Deferred means ipinagpaliban. Hihintayin muna ang records bago magdesisyon.

39. D — Careful and hardworking

Diligent ang masipag at maingat sa gawain. Hindi sapat ang mabilis o friendly kung hindi maayos ang trabaho.

40. A — It is provisional.

Tentative means hindi pa final at puwede pang baguhin. Hindi ibig sabihin na cancelled na ang schedule.

41. A — Opening two hours earlier on Saturdays

Mula 9 a.m. naging 7 a.m. ang Saturday opening. Walang pagbabago sa closing time ayon sa passage.

42. C — There were 64 visits before 9 a.m. over four Saturdays.

Visits ang binilang at total ito sa apat na Sabado. Hindi natin puwedeng gawing 64 unique people o 64 bawat araw.

43. A — The trial did not cover weekdays or measure extra staffing costs.

May limitasyon pa ang evidence: Saturdays lang at hindi pa nasukat ang cost. Hindi sinabi na walang visitors o na napatunayang sobrang mahal.

44. B — Earlier opening was useful to at least some visitors with work schedules.

May several visitors na nagsabing nakakahiram sila bago pumasok sa trabaho. Sapat ito para sa some visitors, pero hindi para sa every visitor o sa cost claim.

45. C — Continue the trial and record the additional staffing cost.

Iminungkahi niyang ituloy pa ang trial at isama ang staffing costs. Parehong bahagi ang kailangan para masuri ang benefit at gastos.

46. A — An early-opening trial shows promise but needs further evaluation

May promising feedback, pero may kulang pang data. Ito ang buod ng passage; hindi pa permanent decision ang resulta.

47. C — Street A

Street A ang binigyan ng printed calendar. Verbal reminders ang patuloy na natanggap ng Street B.

48. C — Missed pickups fell on Street A and stayed about the same on Street B.

Iyan ang comparison sa passage. Hindi pareho ang improvement sa dalawang street.

49. B — Street A also received a new collection truck during the trial.

Sabay nagbago ang calendar at truck sa Street A. Kaya hindi malinaw kung alin, o kung pareho, ang nakaambag sa improvement.

50. A — To reduce an alternative explanation for differences between the streets

Kapag comparable ang truck capacity, nababawasan ang isang posibleng dahilan ng magkaibang outcome. Hindi pa rin nito ginagarantiyang identical ang results.

51. A — The calendar may have contributed to the improvement.

May possibility na nakatulong ang calendar, pero hindi pa established na ito lang ang cause. Mahalaga ang may sa statement.

52. D — Missed pickups relative to the number of households served

Mas makabuluhan ang missed-pickup rate kung isinasaalang-alang ang households served. Puwedeng mas mataas ang raw count dahil mas marami lang ang households.

53. B — Mabini Street

Mabini Street lang ang apektado sa notice. Sinasabing tuloy ang regular supply ng Luna Street.

54. B — Store enough water before 1 p.m. on Tuesday.

Bago magsimula ang scheduled interruption dapat mag-imbak. Ang specified start ay 1 p.m. Tuesday.

55. C — Water service will resume at exactly 4 p.m.

Expected time ang 4 p.m., hindi exact guarantee. Puwedeng matapos nang mas maaga o mas matagal ayon sa notice.

56. B — At the barangay hall

Barangay hall ang lugar na tahasang tinukoy. Huwag magdagdag ng ibang posting location na wala sa passage.

57. D — An earlier restoration is possible but not promised.

May expresses possibility. Puwede ang earlier restoration kung matapos nang maaga, pero hindi iyon pangako.

58. A — Mabini faces a planned interruption with timing subject to the progress of repairs.

Kasama sa tamang summary ang affected street at conditional schedule. Wala namang permanent shutdown o required water collection sa hall.

59. D — has

Each ang singular subject, kaya has. Hindi envelopes ang nagdidikta ng verb sa sentence na ito.

60. C — The list of approved venues is on the desk.

List ang subject at singular ito. Ang of approved venues ay phrase lamang na naglalarawan sa list.

61. D — me

Object ng preposition to ang Liza and me. Kung aalisin si Liza, natural pa rin ang spoke to me.

62. B — After reviewing the file, Mara signed the receipt.

Si Mara ang nag-review, kaya siya dapat ang subject kasunod ng opening phrase. Hindi receipt, signature, o desk ang nag-review.

63. A — The task involves recording calls, checking entries, and filing reports.

Pare-parehong -ing form ang recording, checking, at filing. Mas malinaw at grammatically consistent ang list.

64. A — officers'

Several officers ang owners o users, kaya plural possessive na officers'. Officer's ay para sa isang officer.

65. B — The rain stopped, but the road remained flooded.

May comma bago ang coordinating conjunction na but na nagdurugtong sa dalawang complete clauses. Ang unang distractor ay comma splice.

66. C — shorter

Dalawang routes ang kinukumpara, kaya comparative na shorter. Shortest ay superlative; redundant ang more shorter.

67. C — The team had left before the message arrived.

Had left ang past perfect: tapos na ang pag-alis bago dumating ang message sa past. Malinaw ang order ng dalawang actions.

68. A — There are fewer incomplete forms this week.

Countable ang forms, kaya fewer. Plural din ang forms, kaya are ang tamang verb.

69. D — carefully

Adverb ang kailangan para ilarawan kung paano nag-check. Carefully ang adverb; careful ay adjective.

70. A — Ana told Bea, "I must submit the report."

Sa direct quotation, ang I ay tumutukoy kay Ana na nagsasalita. Ambiguous ang she sa unang distractor; You naman ay si Bea.

QUANTITATIVE REASONING

71. C — 13/24

Gawing 24 ang denominator: $21/24$ minus $8/24 = 13/24$. Hindi puwedeng basta ibawas ang denominators.

72. A — 3/8

$0.375 = 375/1000$. Kapag parehong hinati sa 125, magiging $3/8$.

73. C — 45

I-multiply ang 250 sa 0.18: $250 \times 0.18 = 45$. Ang of sa ganitong percentage problem ay multiplication.

74. C — 2:3

Hatiin ang parehong terms sa 6. Kaya $12:18 = 2:3$; panatilihin ang order.

75. A — 11

Unahin ang parentheses at exponent: $3 \times 12 - 25 = 36 - 25 = 11$.

76. D — 19

Total ay 76. Hatiin sa apat na values: $76 \div 4 = 19$.

77. B — 11 minutes

Even ang bilang ng values, kaya i-average ang dalawang nasa gitna: $(9 + 13) \div 2 = 11$ minutes.

78. A — 2,400 meters

May 1,000 meters sa isang kilometer. Kaya $2.4 \times 1,000 = 2,400$ meters.

79. D — 7

Ibawas ang 3y at 4 sa magkabilang side: $4y = 28$. Kaya $y = 7$.

80. B — 24

Ang least common multiple ng 6 at 8 ay 24. Divisible din ang 48, pero hindi iyon ang pinakamaliit.

81. A — 4.35

I-align ang decimal points: $3.50 + 0.85 = 4.35$.

82. C — 3/10

May 10 counters lahat at 3 ang blue. Probability = favorable outcomes $\div$ total outcomes = $3/10$.

83. D — PHP 680

Discount = $850 \times 0.20 = 170$. Ibawas ito sa original price: $850 - 170 = \text{PHP } 680$.

84. C — PHP 1,440

Magkaiba ang base ng dalawang percentages: $1,500 \times 1.20 \times 0.80 = \text{PHP } 1,440$. Hindi nagkakansela ang equal increase at decrease percentages.

85. D — 8 days

Total work = $6 \times 12 = 72$ worker-days. Sa 9 workers, $72 \div 9 = 8$ days, assuming pareho ang productivity.

86. B — 7 hours 12 minutes

Combined rate = $1/12 + 1/18 = 5/36$ tank per hour. Time = $36/5 = 7.2$ hours; 0.2 hour = 12 minutes.

87. D — 126 km

Ang 20 minutes ay $1/3$ hour, hindi 0.20 hour. Distance = $54 \times 7/3 = 126$ km.

88. D — 3 hours

Dahil papalapit sila sa isa't isa, add ang speeds: $4 + 5 = 9$ km/h. Time = $27 \div 9 = 3$ hours.

89. B — 48 km/h

Total distance = 240 km. Total time = $120/40 + 120/60 = 3 + 2 = 5$ hours. Average speed = $240 \div 5 = 48$ km/h.

90. C — 36 kits

May 8 parts lahat. Bawat part ay $96 \div 8 = 12$ kits, kaya ang smaller share ay $3 \times 12 = 36$.

91. A — PHP 9,000

After rent: $18,000 \times 3/4 = 13,500$. Food is $1/3$ of that, o 4,500. Remaining = PHP 9,000.

92. A — PHP 450

Simple interest = principal $\times$ rate $\times$ time in years. $7,500 \times 0.08 \times 9/12 = \text{PHP } 450$.

93. B — 12 square meters

Ang trim ay perimeter: $2(\text{length} + 3) = 14$. Kaya length = 4 meters at area = $4 \times 3 = 12$ square meters.

94. A — 96 tiles

Floor area = 24 m². Tile area = $0.5 \times 0.5 = 0.25$ m². Bilang = $24 \div 0.25 = 96$.

95. D — 78 points

Gamitin ang group totals: $8 \times 72 = 576$ at $12 \times 82 = 984$. Combined average = $1,560 \div 20 = 78$, hindi simpleng average ng 72 at 82.

96. B — 240 liters

Ang nadagdag ay $1/5$ ng capacity. Kung $1/5 = 48$ liters, ang buong tank ay $48 \times 5 = 240$ liters.

97. B — PHP 210

Unit price = $135 \div 9 = \text{PHP } 15$. Para sa 14 pens: $14 \times 15 = \text{PHP } 210$.

98. C — 11:20 a.m.

Add 2 hours para maging 10:45 a.m., then add 35 minutes: 11:20 a.m.

99. B — 10 folders

Unusable = $250 \times 0.08 = 20$. Usable = 230, kaya kulang pa ng $240 - 230 = 10$ folders.

100. D — 1.8 km

$3.6 \times 50,000 = 180,000$ cm. Dahil 100,000 cm ang 1 km, distance = 1.8 km.

101. D — 150

Sa East row at Received column, 150 ang value. Huwag ipagpalit ang received at completed.

102. B — 90

Ang North row ay 120 received at 90 completed. Completed ang hinihingi.

103. A — 85%

Completion rate = $68 \div 80 \times 100 = 85\%$. Received ang denominator dahil iyon ang kabuuang requests na pinaghahambing.

104. C — 77 $\frac{1}{3}\%$

Completed total = 348 at received total = 450. $348/450 \times 100 = 77 \frac{1}{3}\%$. Hindi dapat i-average lang ang apat na desk percentages dahil magkaiba ang received counts.

105. A — 10

Target = 80% of 100 = 80 completed requests. May 70 na, kaya 10 pa ang kailangan.

106. A — 100

I-add ang Morning column: $24 + 30 + 28 + 18 = 100$ session attendances. Hindi ito automatically 100 unique people.

107. B — 108

Tuesday = $30 + 26 = 56$. Thursday = $18 + 34 = 52$. Total = 108.

108. D — 16

Thursday afternoon ay 34 at morning ay 18. Difference = $34 - 18 = 16$.

109. C — 28%

Total attendance = 200. Tuesday = 56, kaya $56/200 \times 100 = 28\%$.

110. C — 56%

Wednesday total = $28 + 22 = 50$. Morning share = $28/50 \times 100 = 56\%$.

CRITICAL THINKING

111. D — The conclusion

Conclusion ang claim na sinusubukang patunayan. Premises ang mga dahilan o evidence na sumusuporta rito.

112. A — The backup is usable for restoring the files.

Kailangan gumagana at usable ang backup. Kung corrupt o hindi ma-restore, hindi sapat ang pagkakaroon lang ng backup para sa claim.

113. B — The increase could reflect easier reporting rather than more offenses.

Mas madali nang mag-report, kaya puwedeng dumami ang recorded complaints kahit walang pagtaas sa actual offenses. Hindi sapat ang count lang para sa causal conclusion.

114. D — The sampling method leaves out residents with different travel habits.

May sampling coverage problem: isang location at oras lang. Puwedeng useful ang responses, pero hindi automatic na representative ng lahat ng residents.

115. C — Comparable users finish faster with fewer errors on the new form.

Errors at completion time ang direct measures na relevant sa ease of use. Dapat comparable ang applicants para mas fair ang comparison.

116. B — Two additional service counters opened when the repainting was completed.

Ang dagdag na counters ay ibang plausible cause ng shorter queues. Sabay itong nangyari kaya hindi puwedeng i-credit agad sa repainting.

117. B — Thirty-two people attended the meeting on 5 August.

May specific count at date ang attendance claim, kaya puwedeng i-check sa record. Ang iba ay personal evaluations o preferences.

118. B — The number of transactions each desk handled

Rate ang errors divided by transactions. Hindi fair ang raw error counts kung magkaiba ang workload.

119. C — Some intended workers can reach the stop before the earlier departure.

Para makatulong ang earlier bus, dapat may intended workers na makakasakay rito. Kung lahat ay tapos pa lang after 5:30, hindi suportado ang benefit na sinabi.

120. B — Consult the organizer's current announcement through a verified channel.

Mas mabuting i-check ang current announcement mula mismo sa organizer. Hindi proof ang dami ng shares o pagkakakilala sa nag-forward.

121. D — □

Paulit-ulit ang tatlong-symbol cycle na circle, triangle, square. Pagkatapos ng huling triangle, square ang kasunod.

122. B — 95

Bawat next term ay previous $\times 2 + 1$:
 $5 \rightarrow 11 \rightarrow 23 \rightarrow 47 \rightarrow 95$. Pareho ang rule sa bawat transition.

123. D — MN

Magkasunod ang letters sa bawat pair, at may isang letter na nilalaktawan sa pagitan ng pairs: C, F, I, then L. Kaya MN ang kasunod.

124. B — 14

Odd positions: 3, 6, 12, 24 ay doubling. Even positions: 20, 18, 16, 14 ay minus 2. Even position ang blank.

125. A — 15

Sa bawat row, first + second = third: $2 + 5 = 7$ at $4 + 8 = 12$. Kaya $6 + 9 = 15$.

126. B — Left

Up $\rightarrow$ right $\rightarrow$ down $\rightarrow$ left ang clockwise quarter-turn sequence. Mula down, left ang kasunod.

127. C — Bottom-left corner

Clockwise ang corners: top-left $\rightarrow$ top-right $\rightarrow$ bottom-right $\rightarrow$ bottom-left. Iisang corner move lang bawat step.

128. C — 8

May 2, 4, at 6 dots sa unang tatlong panels. Isang column na may 2 dots ang nadadagdag, kaya 8 sa next panel.

129. D — 13.5

Divide by 2 ang next operation pagkatapos ng $+3$. Kaya $27 \div 2 = 13.5$.

130. D — 3-1-2

C is 3, A is 1, at B is 2. Panatilihin ang letter order para maging 3-1-2.

131. C — Form 17 is stamped.

Kasama si Form 17 sa set na lahat ay stamped. Hindi sinasabi ng premise na Tray P lang ang may stamped forms.

132. B — Some volunteers have permits.

Ang ilang volunteers na drivers ay kasama sa drivers na may permits. Kaya may at least some volunteers na permit holders, pero hindi necessarily lahat.

133. B — Request K cannot be approved.

Only if means necessary condition ang tracking number. Dahil wala si K nito, hindi siya puwedeng approved under the stated rule.

134. C — Lena, Omar, Pia

Pinagsama ang conditions: Lena before Omar before Pia. Iyan lang ang option na sumusunod sa parehong rule.

135. B — Ana

Hindi puwedeng Wednesday si Ben dahil dapat may Ana pagkatapos niya. Hindi rin puwede si Cora ayon sa rule. Kaya Ana ang Wednesday.

136. C — 3 km due north of the start

Nagkakansela ang 4 km east at 4 km west. Ang natitirang displacement ay 3 km pahilaga mula sa pinagsimulan.

137. D — At least one folder is not labeled.

Para maging false ang every, sapat ang isang exception. Hindi kailangang lahat ng folders ay unlabeled.

138. A — The file is in Blue.

Exactly one sa dalawang rooms ang may file. Dahil eliminated ang Red, Blue ang natitira.

139. A — The gate is open now.

Ito ang if P then Q, at true ang P, kaya Q. Hindi puwedeng baligtarin ang rule para sabihing lahat ng open gates ay may green indicator.

140. D — No red card is blank.

Red cards belong to numbered cards, at walang numbered card na blank. Kaya walang overlap ang red at blank.

141. D — time

Date ang ipinapakita o sinusubaybayan gamit ang calendar; time naman gamit ang clock. Pareho itong tool at impormasyong ibinibigay.

142. B — pressure

Instrument at quantity na sinusukat ang relation. Atmospheric pressure ang sinusukat ng barometer; hygrometer naman ang para sa humidity.

143. A — bicycle

Part-to-whole ang relation. Page is part of a book; wheel is part of a bicycle. Ang ibang choices ay parts din o parts ng wheel.

144. B — flexible

Opposite meanings ang opaque at transparent. Kabaligtaran ng rigid o hindi madaling baluktutin ang flexible.

145. A — building

Plan at resulting work ang relation: outline guides an essay; blueprint guides a building. Architect ay creator, hindi resulting work.

146. B — chick

Earlier developmental form at kasunod na young organism ang relation. Mula seed patungong seedling; mula egg patungong chick.

147. C — exclude

Antonyms ang expand at contract. Kaya exclude ang katapat na opposite ng include.

148. D — vehicle

Worker at bagay na sinusuri o inaayos ang relation.
Manuscript ang work object ng editor, vehicle naman ng mechanic.

149. D — volume

Unit at measured quantity ang relation. Hectare para sa area ng lupa, liter para sa volume ng likido.

150. D — sprint

Parehong activity family pero mas matindi o mabilis ang second term: quiet to loud speaking, then slow walking to fast running.
